About the International Betting Integrity Association

The International Betting Integrity Association is the leading global voice on integrity for the licensed betting industry. Our members share a common goal of combating betting corruption to protect the integrity of sport and their businesses. Established in 2005 and formerly known as ESSA, we are a not-for-profit association whose members include many of the world's largest regulated betting operators, active across six continents. Members undergo a rigorous due diligence process and must adhere to our code of conduct committing them to responsible betting practices.

The International Betting Integrity Association's Monitoring & Alert Platform is a highly effective anti-corruption tool that detects and reports suspicious activity on its members' betting markets. The bespoke system tracks transactional activity linked to individual consumer accounts, clearly distinguishing it from commercial monitoring systems focused on simple odds movements. The association has longstanding information sharing partnerships with leading sports bodies including FIFA, UEFA, the ITIA and the IOC and many gambling regulators to utilise this data and prosecute corruption. The association maintains a policy of transparency and publishes quarterly integrity reports analysing activity reported on the Platform.
